Contest Guidelines:

1. Use Processing as the main tool to create your digital art works. Applicants can create an entire work via Processing or include parts created by other tools (drawing, Photoshop, Illustrator etc.). The contents must not violate copyright law (Applicants are recommended to create their own content). However, the judging criteria will focus on creativity in coding, first and foremost.
2. First Round
 - Finalists selected by expert committee based on aesthetics, compliance with ethics/copyright law and understanding of processing.
 - Committee may contact applicants via phone call or Zoom for inquiries.
3. Final Round
 - The finalists' works will be displayed on half of the external surface of FAAMAI DIGITAL ART DOME.
 - Expert committee to decide the winner with reference to Applicants' interpretation of the "New World" theme.
